## TO WHOM IT MAY CONCERN:

**SUBJECT:** Kennecott Utah Copper Tailings Modernization Project Draft Environmental Impact Statement (DEIS) - Public Meeting. A public meeting to address the DEIS will be held on May 31, 1995 at 6:00 pm in the main auditorium of the Department of Natural Resources, 1636 West North Temple, Salt Lake City, Utah.

**APPLICANT:** Kennecott Utah Copper, 8362 West 10200 South, P.O. Box 525, Bingham Canyon, UT 84006-0525.

**LOCATION:** The project area is approximately 30 miles southwest of Salt Lake City, Utah. It lies south of Interstate 80 and north of Highway 201 in Township 1 South, Range 2 West, Sections 4, 5, 6; Township 1 South, Range 3 West, Sections 1, 2, 3, 9, 10, 15, 16.

**ADDITIONAL INFORMATION:** The Draft Environmental Impact Statement was made available to the public on April 28, 1995. The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the proposed activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the proposal must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the proposal will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, cultural values, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food, and fiber production, mineral needs, consideration of property ownership, and in general, the needs and welfare of the people.

For activities involving 404 discharges, a permit will be denied if the discharge does not comply with the Environmental Protection Agency's 404 (b) (1) guidelines. Subject to the preceding sentence and any other applicable guidelines or criteria, a permit will be granted unless the District Engineer determines it would be contrary to the public interest.

# 33

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties concerning the DEIS. Comments on the DEIS may be made at the public meeting or submitted in writing by **June 27, 1995** to:

Mr. Michael Schwinn  
U.S. Army Corps of Engineers  
Utah Regulatory Office  
1403 South 600 West, Suite A  
Bountiful, UT 84010,

Telephone (801) 295-8380.

If you have any further questions, please contact Mr. Schwinn at the above address and phone number.

John N. Reese  
Colonel, Corps of Engineers  
District Engineer
